

RT2000

Get more out of your high-traffic location with a cost efficient, 24-hour, through-the-wall ATM.

The extremely reliable and affordable Triton RT2000 gives merchants a low-cost, easy to service, 24-hour alternative to more expensive through-the-wall ATMs.

The RT2000 boasts viewing options not available elsewhere in the market. Bigger display options and the ability to keep sunlight at bay make this ATM the ideal choice for outdoor placement. The Triton RT2000 is easy to install and maintain. And best of all, its low

cost and reliability mean your high-traffic ATM location can finally become a high-profit ATM location.

It's no surprise this innovation comes from Triton. Triton customers know that our hallmark affordability is the result of decades of engineering and innovation. Finally, a through-the-wall ATM built by the experts in retail ATMs.
